A MOST VERSATILE BOOT

BY JITTERBUG BOY ORIGINAL FOOTWEAR

At Jitterbug Boy, we have spent the past few months engineering an affordable, factory-made period boot that conforms with the historical aesthetic while comfortably fitting the modern foot.

High quality enough to be used for principals, affordable enough for background and danceable for theatre, these boots are designed to be versatile, durable and adaptable.

And best of all, they are of the standard and styling you have come to associate with Jitterbug Boy.

A period boot designed for a contemporary foot, these new boots are easily adjusted by in-house costume departments for a customized look or fit. Alternately, to simplify the process, modifications could also be executed at the Jitterbug Boy workshop for an additional cost.
